WHAT IS STRATEGY AND ENTREPRENEURSHIP?

The Strategy and Entrepreneurship major is a comprehensive major that prepares students with the skills necessary for successful careers in strategy consulting, venture capital, private equity, business development, investment research, and the startup world, or to start their own entrepreneurial ventures. In this major, students will learn how to start and lead a business, as well as create and sustain a competitive advantage given the revolutionary demographic, technological, economic and environmental changes in the current global landscape. The strategy and entrepreneurship major also prepares students to analyze the growth trajectories of companies as well as diagnose and solve existing business issues. Course offerings include: principles of strategy, principles of entrepreneurship, leadership, angel finance and venture capital, and startup strategy, among others.

WHAT CAN I DO WITH THE MAJOR?

Strategy and Entrepreneurship majors may go on to pursue careers in business consulting, business strategy, business development, start-ups, venture capital, and private equity. You may also start your own firm, manage a family business, or become a franchisee. Those that work at other firms may also pursue careers in sales, research and development, non-profit fundraiser, and with an advanced degree, teaching positions.

CAREER TRACKS

Strategy and Entrepreneurship majors may go on to pursue careers in various areas of industry:

- Development/Fundraising
- Educational Administration
- Entrepreneur
- Human Resources
- Marketing
- Operations
- Production
- Project Management
- Real Estate
- Sales

Employment of strategy and entrepreneurship occupations is projected to grow 7% from 2018 to 2028, faster than the average for all occupations, which will result in about 706,900 new jobs. Employment growth is expected to be driven by the formation of new organizations and expansion of existing ones, which should require more workers to manage these operations.

GRADUATE AND PROFESSIONAL PROGRAMS

Students seeking degrees after obtaining their bachelor's degree can consider an MBA in Entrepreneurship at some of the following top institutions:

- Babson College (Olin)
- Massachusetts Institute of Technology (Sloan)
- Stanford University
